LECTURES AND COURSES IN 1977

1. Elementary courses in general phonetics

One semester courses (two hours a week) in elementary general phonetics (intended for all students of foreign languages except English and French) were given by Peter Molbæk Hansen, Mimi Jacobsen, Hans Peter Jørgensen, Ellen Pedersen, and Nina Thorsen. There was one class in the spring semester and eight parallel classes in the autumn semester.

Courses in general and French phonetics including practical exercises in the language laboratory (three hours a week) were given through 1977 by Oluf Thorsen.
