

The annual Swedish-Danish Phonetics Seminar was held in Copenhagen on November 25-26, 1977. The seminar was a continuation of similar seminars held at Lund, Stockholm, Uppsala, and Umeå. The aim of the seminars is to provide an opportunity for advanced students and graduate students to present and discuss their current research projects. On the following pages papers given at the seminar are published.

The first of the two papers is by Dr. J. H. ...
The second paper is by Dr. J. H. ...
