I august 2000 udkom *Polis & Politics*, festskrift til Mogens Herman Hansen i anledning af hans 60-års fødselsdag. Festskriftet har undertitlen *Studies in Ancient Greek History*, og rummer 35 artikler af 36 førende græske historikere. Artiklerne centrerer sig om de to emner, som Mogens Herman Hansen har beskæftiget sig med i de sidste cirka 32 år: den græske bystat (*polis*) og det athenske demokrati. Artiklerne strækker sig i indhold fra politisk ideologi (demokrati og oligarki), over politik i praksis til det urbanistiske aspekt af den græske bystat.
