The detailed pattern of the trend of the reclamation in the parish of Givskud northwest of Vejle. The figures and letters at the frame refer to the map fig. 1 E. The white areas within the boundaries of the parish are areas which according to the original ordnance maps executed by Videnskabernes Selskab on the scale 1:20,000 were under cultivation in 1786. The borderlines are stipulated and reservations must be made as to these.

- 1. The reclamation 1786—1870.
- 2. The reclamation 1870—1904.
- 3. The reclamation 1904—1952.
- 4. Areas which according to the ordnance maps surveyed until 1952 have not been cultivated.
