

## Editorial

Welcome to the third issue of UCPH NanoScience, the student journal of the NanoScience Center at the University of Copenhagen and the journal of all Nanoscience students. This issue contains a selection of the bachelor reports handed in as part of obtaining a bachelor's degree in Nanoscience. All contributors have obtained their bachelor's degree in 2018.

All beginnings are difficult, and apparently starting a student journal in the framework of a University administration does not help. We are still struggling with getting the copyright transfer or thesis forms filled out and send our way, even though it is a natural part of handing in a bachelor's thesis in nanoscience. We hope to have better processes in place before the class of 2019 hands in the fruits of their labour before the summer holiday.

UCPH Nanoscience is an online archive of bachelor thesis and other reports from the nanoscience students at the University of Copenhagen. If you are reading a physical copy, you will find that the actual reports are not included, those you can find online. If you are reading this on a screen, you will find this third issue of the nanoscience student journal and all the previous issues a few clicks back.

Thomas Just Sørensen  
Editor-in-chief

## Competition

UCPH NanoScience  
NanoVidenskab KU  
UNIVERSITY OF COPENHAGEN  
STUDENT RESEARCH PAPERS

### UCPH Nanoscience need a logo

Can you do better? The journal needs a logo to replace the temporary logo designed by the editor in chief. All suggestions are welcome, but you are encouraged to design a logo that reflects spirit of the Copenhagen flavour of nanoscience and the nanoscience student body. The prize is two vintage bottles of Verdi sparkling vine.

Suggestions should be sent to the editor-in-chief by December 1<sup>st</sup> 2019 at [tjs@chem.ku.dk](mailto:tjs@chem.ku.dk).

## People Wanted!

### UCPH Nanoscience is looking for staff

We are looking for 4 junior editors/reporters determined to shape the future of the student journal. The junior editors will be responsible for running the journal and provide student relevant content for the News & Views section.
