

LITTERATUROVERSIGT

Fortegnelsen er opstillet på grundlag af, hvad der anskaffes af biblioteker her i landet, og oplysninger i tidsskrifts- og forlagspublikationer. For hvert skrift oplyses forfatter, titel, udgivelsessted og -år, og så vidt muligt sideantal og pris. Endvidere angives, på hvilket bibliotek publikationen ved listens offentliggørelse eventuelt befinder sig; manglende biblioteksangivelse forhindrer således ikke, at bogen evt. senere vil være tilgængelig på et bibliotek. Der anvendes følgende forkortelser: Det kgl. bibliotek (KB), Handelshøjskolens bibliotek (HB), Universitetets økonomiske laboratorium (Ø), Statistisk Departements bibliotek (Sta), Det amerikanske bibliotek (AL), Folketingets bibliotek (F) og Arbejderbevægelsens bibliotek og arkiv (Ar).

Oversigterne udarbejdes af bibliotekar ved Det kgl. Bibliotek, cand. polit. *Knud Erik Svendsen*.
