

Vol. 70, No. 4, August 1962: *D. Seers*, Why visiting economists fail. *A. Spiro*, Wealth and the consumption function. *B. A. Weisbrod*, An expected-income measure of economic welfare. *S. Enke*, Production functions and capital depreciation. *I. M. Kirzner*, Rational action and economic theory. *H. Goldstein*, The Friedman proposal for auctioning treasure bills. *I. A. McDougall*, A note on »Tariffs, the terms of trade, and the distribution of the National Income«. *J. A. Carlson*, Foster and catchings: a mathematical reappraisal. *H. Benishay*, Free reserves up or level?

Vol. 70, No. 5, Part 2, Supplement: October 1962: *Th. W. Schultz*, Reflections on investment in man. *G. S. Becker*, Investment in human capital: A theoretical analysis. *J. Mincer*, On-the-job training: Cost, returns, and some implications. *L. A. Sjaastad*, The costs and returns of human migration. *G. J. Stigler*, Information in the labor market. *B. A. Weisbrod*, Education and investment in human capital. *E. F. Denison*, Education, economic growth, and gaps in information. *S. J. Mushkin*, Health as an investment. KB-A.

KYKLOS

Vol. 15, Fasc. 3, 1962: *S. Enke*, Welfare and trade. *S. J. Prais*, Econometric research in international trade: a review. *R. M. Stern & E. Zupnik*, The theory and measurement of elasticity of substitution in international trade. *R. Erba*, Die internationale Währungsordnung. *R. J. Ball*, Capital imports and economic development: paradoxy or orthodoxy. *R. E. Slesinger*, Fiscal policy considerations for underdeveloped economies. *J. F. Becker*, Social imbalance and the Marxian system. *S. Riemer*, The devaluation of the Israel pound.

Vol. 16, Fasc. 1, 1963: *C. W. J. Granger & O. Morgenstern*, Spectral analysis of New York stock market prices. *G. N. Halm*, Feste oder flexible Wechselkurse? *J. K. Sengupta & G. Tintner*, On some aspects of trend in the aggregative models of economic growth. *D. Dosser*, Towards a theory of international public finance. *G. Karmiloff*, Soviet economic models, investment criteria and prices. *J. Vanek*, The labor market, technology, and stability in the Keynesian model. *N. R. Collins & R. H. Holton*, Programming changes in marketing in planning economic development. KB-HB-A-ArA.

THE MANCHESTER SCHOOL OF ECONOMIC AND SOCIAL STUDIES

Vol. 30, No. 3, September 1962: *R. D. Collison Black*, W. S. Jevons and the economists of his time. *W. Mays*, Jevon's conception of scientific method. *R. Könekamp*, William Stanley Jevons (1835-1882): some biographical notes. *M. Kalecki*, A model of hyperinflation. *Edw. James*, Women at work in twentieth century Britain. *R. Sidebotham*, A note on depreciation accounting conventions and reported costs. KB-HB.

OXFORD ECONOMIC PAPERS

Vol. 14, No. 2, June 1962: *F. H. Hahn*, Real balances and consumption. *J. L. Catt*, Idle balances and the motives for liquidity. *S. K. Nath*, The theory of balanced growth. *J. Black*, Investment criteria under capitalism and socialism. *S. Enke*, Economic development with unlimited and limited supplies of labour. *D. Seers*, A theory of inflation and growth in under-developed economies based on the experience of Latin America. *R. J. Ball*, Inflation and bond rate. *K. N. Raj & A. K. Sen*, Alternative patterns of growth: A reply. KB-HB-A.

PROBLEMS OF ECONOMICS

Vol. 4, No. 12, April 1962: *P. Golubkov*, Problems of collective farm development on the road to communism. *L. Bibik*, Investigating the time budget of collective formers. *G. Chufarva*, Work and rest schedules when work time is further reduced. *M. Mozhina*, Changes in the distribution of USSR industrial workers according to wages. *I. Artem'eva*, Sex and age of single workers and employees and their income and housing condition. *G. Prudenskii & B. Kolpakov*, Questions concerning the calculation of non-working time in budget statistics. *N. Kirichenko*, Regional differences in consumption by the USSR population. *P. Maslov*, Consumer demand must be studied better. *I. Kapranov*, The USSR's technical assistance to foreign countries. *V. Vanin*, Economic cooperation of the USSR with countries of the Arab East and Africa.

Vol. 5, No. 1, May 1962: *M. Eidelman*, The experience of preparing an intersectoral balance account of production and distribution of output in the Soviet national economy. *A. Efimov*, Economic research and planning. *A. I. Katsenelinboigen*, Application of mathematical methods in economic research. *N. Kovalev*, Introducing mathematical methods and computers in planning practice. *S. Malinin, M. Polonskii & V. Aizenshtat*, Problems in applying mathematical methods and electronic computers in planning. *B. Braginskii & D. Karpukhin*, Using economic-statistical methods of analysis for computing the prospective growth of labor productivity. *S. G. Strumilin*, The problem of the genesis of capitalism in Russia.

Vol. 5, No. 2, June 1962: Conference of Economists Sept. 28, 1961: Economics must meet the tasks of Communist construction. *B. Finkel'shtein*, Principles of linear programming. *A. Kaplan*, The application of linear programming methods in Soviet transportation. *P. Maslov*, Applicability of coefficients of elasticity in statistics and the planning of trade turnover. *L. Maizenberg*, Revision of wholesale prices in heavy industry and some problems of price formation in the USSR. *S. M. Vishnev*, The Soviet Union and the world economy.

Vol. 5, No. 3, July 1962: *S. G. Strumilin*, Concerning the problem of optimum proportions. *A. I. Notkin*, The rates and proportions of expanded reproduction in the period of comprehensive communist construction. *T. Khachaturov*, Ways of improving capital construction. *B. M. Los*, Concerning indices of effectiveness of capital investments. *A. A. Smertin*, Calculation of effectiveness of capital investments in the manufacture of interchangeable products. *P. Bunich*, Proportion between fixed assets and gross industrial output. *Iu. I. Chernak*, Economic Cybernetics at the service of planning. KB.

Vol. 5, No. 4, August 1962: *M. Eidelman*, Inter-brand balance of the social product and its economic content. *L. Berri, F. Kotsvog & S. Shatalin*, The interbranch balance and its use in planning. *V. Cherniavskii*, The optimum fuel-power balance. *A. Riznik & S. Litvak*, A fuel and power balance. *F. Bystrov*, Soviet international credit relations. *G. Dikhtiar*, Soviet trade in the period of the full-scale building of communism. *N. I. Kovalev*, The problems in introducing mathematics and electronic computers in planning.

Vol. 5, No. 5, September 1962: *Sh. Turetskii*, Development of the productive forces and commodity-money relations. *Z. Atlas*, Some questions on the development of money circulation and its planned regulation. *P. S. Kholodov*, Building communism and the problem of accumulation. *D. Chernomordik*, Effectiveness of capital investment and the time factor. *A. Efimov*, Problems of the structural changes in Soviet industry. *S. A. Suponitskii*, The process of economic competition between socialism and capitalism. *D. N. Karpukhin*, Labor productivity in the USSR and the USA. KB.

THE REVIEW OF ECONOMIC STUDIES

Vol. 29 (3), No. 80, June 1962: *K. J. Arrow*, The economic implications of learning by doing. *N. Kaldor & J. A. Mirrlees*, A new model of economic growth. *P. A. Samuelson*, Parable and realism in capital theory: the surrogate production function. *R. M. Solow*, Substitution and fixed proportions in the theory of capital. *J. Robinson*, A neo-classical theorem. *J. E. Meade*, The effect of savings on consumption in a state of steady growth. *D. G. Champenowne*, Some implications of golden age conditions when savings equal profits. *J. Black*, Technical progress and optimum savings. *R. Stone and J. A. C. Brown*, Output and investment for exponential growth in consumption. KB-A.

THE REVIEW OF ECONOMICS AND STATISTICS

Vol. 44, No. 2, May 1962: *R. S. Eckaus & L. Lefebvre*, Capital formation: A theoretical and empirical analysis. *L. Brakel*, A comparison of productivity and recent productivity trends in various countries. *F. D. Holzman*, Soviet foreign trade pricing and the question of discrimination: A »Customs Union« approach. *P. A. David*, The deflation of value added. *R. Komiya*, Technological progress and the production function in the United States steam power industry. *V. R. Fuchs*, The determinants of the redistribution of manufacturing in the United States since 1929. *A. F. Brimmer*, Price determination in the United States treasury bill market. *J. R. Schlesinger*, The sequel to bills only. *A. M. Levison*, Interest rate and cost differentials in bank lending to small and large business. *R. F.*
