Nye udenlandske bøger

Nedenstående liste over titler på nye engelsksprogede, økonomiske bøger er i forhold til det samlede antal udgivelser stærkt begrænset. Den omfatter et udvalg af, hvad der skønnes at have bred interesse; al emnemæssig eller geografisk mere specialiseret litteratur medtages som hovedregel ikke. I et vist omfang medtages titler på grundlag af forlagernes oplysninger om bøger, der står foran udgi-

velse. Der mangler derfor i nogle tilfælde sidetal eller pris, ligesom det vil kunne forekomme, at en bog udkommer under ændret titel. Listen er søgt således afgrænset, at bøgerne i almindelighed skulle være udkommet, når Nationaløkonomisk Tidsskrift foreligger trykt.
