

BIBLIOGRAPHY OF SCANDINAVIAN POLITICAL SCIENCE FOR 1966

This bibliography has been compiled in accordance with the principles established for earlier volumes of *Scandinavian Political Studies*. It includes (1) publications of native and foreign authors published in Denmark, Finland, Norway and Sweden (2) publications of Scandinavian authors published in other countries, and (3) publications dealing with the Scandinavian countries wherever they have been published. The bibliography includes books, contributions to joint works and periodicals, as well as committee reports and other government papers. Reviews of books listed in this bibliography have been entered under the respective books. Only those reviews which have appeared in periodicals have been included here.

As in the earlier bibliographies, the individual country entries have been compiled and classified in the respective countries: in Denmark by H. P. CLAUSEN and Peter HANSEN, in Finland by Rauno LEHTINEN and in Sweden by Sten BERGLUND. The individual country contributors have attempted to achieve a high degree of conformity in the collection and classification of the respective country entries by following as closely as possible the principles adopted in the International Bibliography of Political Science published by UNESCO. The undersigned has been responsible for the editing of the bibliography as well as for the collection and classification of the Norwegian bibliography.

We wish to express our thanks to our country collaborators in Denmark, Finland and Sweden, to Professor Stein ROKKAN and to the editor of this volume.
