

BIBLIOGRAPHY OF SCANDINAVIAN POLITICAL SCIENCE FOR 1969

The following bibliography is a review of Scandinavian political science for 1969. It is a continuation of earlier bibliographies in Scandinavian Political Studies and an attempt has been made to include publications omitted in previous volumes. It includes:

- (1) publications of native and foreign authors printed in Denmark, Finland, Norway and Sweden,
- (2) publications of Scandinavian authors printed in other countries, and
- (3) other publications, which deal with various aspects of Scandinavian political life.

The bibliography includes books, contributions to joint works and periodicals, as well as committee reports and other official government papers which make a contribution to less explored areas of political science in Scandinavia. Book reviews which have appeared in periodicals are listed here.

The individual country entries in this bibliography have been compiled and classified in their respective countries: in Denmark by Erik DAMGAARD and Ib FAURBY, in Finland by Rauno LEHTINEN and Pentti PÄRSSINEN and in Sweden by Henry BÄCK. The undersigned is responsible for the final editing of the bibliography and for the collection and classification of the Norwegian entries. The individual country editors have attempted to achieve a high degree of uniformity in classification by following as closely as possible the classification scheme in the International Bibliography of Political Science published under the auspices of UNESCO.

We wish to thank our country editors in Denmark, Finland and Sweden for a job well done and also extend our special thanks to Professor Stein ROKKAN for his much needed support.
